// EXPERIENCE

Senior Security Operations Engineer

Feb 2025 – Present

Capital One — McLean, VA

- Built an LLM-powered case investigation agent that ingests multi-source log data and generates structured case summaries, reducing average analyst case-close time by 65%.
- Lead SOC operations for a team of 14 analysts, coordinating escalations and driving incident resolution.
- Engineered a detection-tuning agent that queries Databricks case telemetry, JIRA allowlists, and a GitHub detection-as-code library to surface tuning opportunities, replacing ad-hoc tuning with a weekly cadence.
- Execute proactive, intelligence-driven threat hunting utilizing internal IOCs, successfully detecting authorized red team activity across endpoint and log telemetry.
- Mentor junior analysts on threat investigation techniques and playbook execution, improving team detection capabilities.

Security Operations Center Analyst

Aug 2023 – Feb 2025

Capital One — McLean, VA

- Triageed and resolved 1,000+ SOC cases, including investigation, enrichment, and escalation.
- Rewrote and standardized SOC playbooks, improving incident handling across the team.
- Partnered with software engineering teams to perform user acceptance testing and requirements validation for a new internal SOC case management system, submitting defect and change requests.

Help Desk Analyst

Sep 2022 – Jun 2023

Your Tech Team LLC — Flemington, NJ

- Provided IT support in a hospital environment, managing tickets via FreshService; administered user accounts in Active Directory, QCPR, IBEX, Affinity, Kronos, and VMware Horizon.

Cybersecurity Intern

Jun 2022 – Aug 2022

New York Life Insurance Company — Clinton, NJ

- Improved email security by automating whitelist updates with Python, cutting malicious emails by ~15%; analyzed and mitigated 100+ unique email threats using IronPort, Agari, Anomali, and QROc.

// CERTIFICATIONS

GIAC Certified Incident Handler (GCIH) — Advisory Board Member, 2025–2029 · **AWS Certified Security – Specialty**, 2024–2027 · **AWS Certified Solutions Architect – Associate**, 2024–2027 · **CompTIA A+**, Network+, Security+, CySA+, 2024–2027 · Security Blue Team BTL1 · TCM Security PORP
